The Cure Starts Now raises over \$150,000

The second annual Once in a Lifetime Gala and Auction sponsored by The Cure Starts Now was held on March 7th at Cincinnati Music Hall. Over \$150,000 was raised for pediatric brain cancer research. "This far exceeded our expectations and we were so happy to be able to share this moment with nine other brain cancer families who joined us from all over the country" stated the executive director Brooke Desserich. The evening was capped off with Rich Graeter's announcement that Elena's Blueberry Pie Ice Cream will be back in the stores and in special pints all to benefit The Cure Starts Now. Brooke Desserich also announced that because of the successful gala, the foundation will be able to fund additional research far ahead of their projected date. "The prospect of getting more treatments in the hands of the parents means so much to everyone here at The Cure Starts Now," she said.
