Dear Mr. Desserich,

On behalf of the CONNECT Consortium, I want to acknowledge and thank you for allowing the remaining funds from the CONNECT Consortium grant (\$1,859,978.26) to be transferred to Nationwide Children's Hospital.

These funds have been incorporated into our planning for 2021 as included in the September progress report. Your continued support allows CONNECT to continue to support our open trials while working on developing new studies. We are planning for a very busy and productive 2021!

Sincerely,

Dr. Maryam Fouladi
Chair, CONNECT Consortium
Co-Executive Director of the Pediatric Neuro-Oncology Program at Nationwide Children's Hospital
